Request for Correction of Inventorship Under 37 CFR § 1.48(b)

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

The captioned US application was filed as a straight continuation of International Application No: PCT/US00/03147 and properly named Tim MacDonald, Thomas Miller, Chuck Thompson and Christine Dieckhaus as co-inventors.

In response to a Restriction Requirement, applicants have amended the original claims in the accompanying Amendment and Response to remove the non-elected subject matter. This amendment results in fewer than all the currently named inventors remaining as actual inventors of the amended claims. Accordingly, the undersigned attorney of record hereby requests the deletion of Thomas Miller and Chuck Thompson as named inventors since they are not inventors of the elected subject matter now being claimed.

Correction of Inventorship Under 37 CFR § 1.48(a)

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

The present application (US Serial No: 09/925,224) is a straight continuation of International Application No: PCT/US00/03147. As noted by the Examiner in his February 27, 2002 Office Action, the inventive entity of PCT/US00/03147 is different from that of US Serial No: 09/925,224. More particularly, US Serial No: 09/925,224 names an additional inventor relative to the parent international application.

During the prosecution of the parent International Application, a review of inventorship revealed that an individual (Christine Dieckhaus) who was not named on the International Application should have been named as an inventor. Accordingly, upon filing the present US continuation application a Declaration was prepared naming Tim MacDonald, Thomas Miller, Chuck Thompson and Christine Dieckhaus as co-inventors. Applicants hereby request formal correction of inventorship to add Christine Dieckhaus as a named inventor.

In support of naming Tim MacDonald, Thomas Miller, Chuck Thompson and Christine Dieckhaus as co-inventors of the originally filed application, applicants submit the following documents:

1. A statement from Christine Dieckhaus that any error in inventorship in the international application occurred without deceptive intention her part.
2. The written consent of the assignee, the University of Virginia Patent Foundation, with copies of the assignment documents transferring the rights from the inventors to the University of Virginia Patent Foundation.
3. A copy of the executed Declaration and Power of Attorney for the captioned US application.

Applicants also authorize the Commissioner to charge the processing fee set forth in 37 CFR § 1.17(i) as well as any additional fees due for this submission to Deposit Account No. 50-0423.

Respectfully submitted,

Statement Under 37 CFR § 1.497(d)

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

I, Christine Dieckhaus declare as follows:

The captioned US application was filed as a continuation of International Application, PCT/US00/03147, and correctly names Timothy L. Macdonald, Thomas A. Miller, Charles D. Thompson and myself as co-inventors.

The parent International Application, PCT/US00/03147, erroneously failed to name myself, Christine Dieckhaus as a co-applicant. It has recently been determined that the correct inventorship for PCT/US00/03147, as filed, is Timothy L. Macdonald, Thomas A. Miller, Charles D. Thompson and Christine Dieckhaus. This error in inventorship in the parent International Application, PCT/US00/03147, occurred without deceptive intention on my part.
